Georgia PreK program

We are thrilled to be able to offer Georgia's lottery funded PreK program to our families. This program offers children the opportunity to participate in a more structured day to introduce them to "real" school. Heavy focus is placed on pre-reading, writing, and mathematical skills and we get great feedback from local schools about our kids' readiness for kindergarten.

Our Georgia PreK school day runs from 8:30-3:00, and we follow the Fulton County School schedule in terms of holidays and teacher workdays. We are happy to offer care for before and after the school day hours as well as a full day of care during most holidays and teacher workdays for our working parents.

Children currently enrolled in our center are given priority for spots in this classroom, and any remaining spots will be filled using a waiting list. Our wait list process is a true lottery, not first-come, first-served. We invite local families interested in our Georgia PreK program to visit our facility to view the classroom and add themselves to the waiting list at their convenience.

All students turning four years old prior to September 1 are eligible for the Georgia PreK program. Proof of age and residence are required for enrollment in this class.
